

## IFIM campus inaugurated

IFIM Business School's extended campus at Electronics City was inaugurated recently. Addressing the students on the occasion, Home Minister V.S. Acharya spoke about the importance of discipline, culture, respect and hard work in the life of students.

He also said that the State Government is committed to spend a large sum on the education section during the year 2010-2011.

V.B. Padode, Chairman, Centre for Developmental Education, the trust under the aegis of which IFIM Business School operates, said, "We nurtured a vision of creating a state-of-the-art infrastructure on our campus. Today the vision has been fruitful."

Swami Krishnan, CEO, IFIM Business School, said, "A management school is known for its facility, placements and the faculty. We are one of the best in Bangalore in terms of placement and arguably the best in India when it comes to faculty. Today, with our extended campus being completely ready, we are on a par with many international universities."

IFIM Business School, spread over a two-acre campus, has now with the extension got an additional capacity of 18 spacious and well-equipped classrooms, 52 faculty rooms, library, cafeteria and an auditorium.
