## MESSAGE FROM THE DIRECTOR

Greetings from IFIM Business School to the esteemed members of the corporate fraternity

IFIM Business school has been in the garden city since 1995 with its 1st batch of PGDM students graduating in 1997 and has now grown into a well-recognized Management Institute. IFIM has grown to acquire a unique institutional equity with all its incumbent attributes such as excellent infrastructure, holistic curriculum, state-of-the-art pedagogy, an excellent blend of veteran academicians with strong research and a corporate background as faculty, and academic partnerships with Universities of international repute.

IFIM Business School is promoted by The Dalal Street Investment Journal Group which has been serving the national equity and commodity markets for the last 25 years. Today, we have alumni strength of over 1,000 discharging key responsibilities in the corporate world. The Institute has been ranked for several years amongst the top 30 B-Schools of India by reputed agencies like Business World, Business India, CSR GHRDC, Outlook, Careers 360, MBA Universe and others.

IFIM also inculcates human values, professional ethics and consciousness about wellness in students, so as to make them capable of not only taking good decisions for your organization, but also making all effort to contribute to society at large.

One of the best practices of IFIM is the 6-month Industry Internship Program (IIP) where the students are expected to be with industry and submit a report thereafter. The IIP is an integral part of the 2-year program which provides a platform to learn practical aspects of business, as well as an opportunity for the organization to check the suitability of the students as a future manager. As these internships are closely guided by a mentor from the organization as well as a faculty guide, students regularly get absorbed in the same organization.

I, on behalf of the IFIM Management, extend my sincere thanks to all of you for recruiting our students so far and once again invite you to participate in our IIP and final placement process.

With Best Regards,

Dr. B. P. Pethiya  
Director, IFIM Business School  
B.Tech (Hons), PGDM (IIM-A), PhD.

## AN INVITATION

Dear Recruiter,

It gives me immense pleasure in presenting before you 196 students of our PGDM 2010-2012 batch. They either have a PGDM with specializations in Marketing, Finance, HR and Systems, or a PGDM in Finance, or in International Business. All of them are available for our unique 6-month Industry Internship Program (IIP) from mid January 2012 till end June 2012. This is followed by a full time placement season from 1st July 2012 onwards.

Earlier feedback from Industry indicates that many students with a PGDM/MBA are not "business-ready" and hence considerable time and effort is involved before they are ready to deliver results. It is with this in mind that we have introduced this unique concept of IIP, wherein all the academic content is delivered within a 18-month period and the students are then assigned to different organizations to complete an industry-focused project for a period of around 6 months. Only then are they awarded a PGDM and allowed to take up a full time assignment.

Industry feedback about our IIP has been very positive and almost 60% of our students who went to do their IIP at various organizations were absorbed for full time placement thereafter. This happened because the organization was able to closely observe the quality of our students and their ability to deliver results, for a full 6 months.

Another key differentiator at IFIM is our Centre for Personality Development (CPD) which not only provides essential soft skills to all our students but also focuses on overall wellness in a holistic way - making sure that the students have a healthy body, essential for a healthy mind in order to be able to cope with the pressures of current day corporate life. The complete details of the Wellness program are available on our web site.

The IIP and CPD, excellent faculty, updated curriculum, state-of-the-art campus and facilities, international tie ups and exposure make the students of IFIM "business-ready" in several ways.

I would like to cordially invite you to come over to our campus, meet our students and participate in this mission of producing "business-ready" young professionals for the corporate sector.

Warm regards,

Prof. Swaminathan Murthy  
Professor - Finance & Chairperson: Placement, IIP & CFE  
B.Com (Honours), MBA (XLRI), FICWA.

## IFIM BUSINESS SCHOOL

IFIM Business School, Bangalore, promoted by The Dalal Street Investment Journal Group, was founded in 1995 with its first batch of students graduating in 1997. Today, IFIM finds a place among the Top 20 from amongst the 500+ Business Schools that were started post 1990 in the Private sector. Students from across the country have come to IFIM to graduate as some of the finest managers in the corporate world. In fact, 67% of the students have been placed in companies worth ₹1000 crores and above.

IFIM Business School has come to acquire a unique 'institutional equity' with its excellent infrastructure, holistic curriculum, state-of-the-art pedagogy, an excellent blend of seasoned academicians and industry practitioners as faculty, an Industry Internship program imparting 6 months of real life experience and academic partnerships with Universities of international repute.

IFIM Business School has over 30 full-time faculty, who have been regular contributors to academic research in the form of text books, books and papers, with excellent academic qualifications and industry experience. IFIM also has a host of visiting faculty from the business world to impart practical insights into the business environment.

IFIM has a number of Centres of Excellence which engage in Research & Training and add value to the PGDM offered by us, as our students are actively involved in all these co-curricular activities, under the guidance of the concerned faculty. These are Centre for Research (CFR), Centre for Entrepreneurship (CFE) and Centre for Social Responsibility (CSR)

Centre for Personality Development (CPD). This is a unique concept and goes beyond imparting soft skills training. At the Centre, the students undergo training in the following aspects: Communication Skills (theory and practicals through language labs), Logical Reasoning, Quantitative Techniques, Table Etiquette, Personal Grooming, Interview Skills, Theatre Workshops and amongst others. We have external trainers to teach, language labs are being setup on campus and at the Hostel, a matrix for continuous assessments and formal meals for table etiquette. The CPD complements our Centre for Sports and Wellness and gives a holistic approach to IFIM's vision.

Campus at Electronics City spread across 2 acres

## THE GET AHEAD ADVANTAGE

At IFIM Business School, our students learn to be leaders. They imbibe leadership qualities from the faculty as well as each other and are encouraged to explore, think on their own and take charge. In this way, the Institute and its faculty keep on growing with each new student and each new question.

Students from across the country come to IFIM to become business-ready managers trained to compete with the best in the industry. And IFIM helps them get ahead by making the right decisions towards a successful career.

At IFIM, we believe in holistic education. Because when it comes to preparing for your future, being well-rounded is often the first step to get ahead. Together with an industry-approved curriculum, we emphasise health, wellness and overall personality development. So that whatever happens in your career you'll always have the confidence to get ahead. And be the leader of the pack, not one of the herd.

We have devised a unique education model that blends various teaching and learning methodologies to create a holistic professional/leader - equipped to deal with both, business and personal challenges, equally well.

## FACULTY PROFILE

IFIM Business School is supported by a team of highly committed and qualified faculty who have extensive industry, research and publication experience, apart from a large complement of respected professionals from the industry at large.

Experience has demonstrated that the best teachers are those who glean insights from their own research and corporate experiences and pass them on to students. The faculty is continuously given opportunities, through our well-defined and articulated policy on faculty development, to re-examine teaching methods and hone lecturing skills. Some initiatives include constant encouragement and financial support to attend and participate in National/International seminars/conferences, undertake research and consultancy projects/assignments and conduct MDPs/EDPs/OBPs.

## THE MODEL IS BUILT ON 3 PILLARS

### 1. A Sound Physical Foundation

It is now a known fact that our minds are fuelled by a healthy body. Ill health will not let us go far in thought. Hence, one cannot underestimate the importance of maintaining all-round physical health for a sound education.

### 2. The Power of Positive Energy

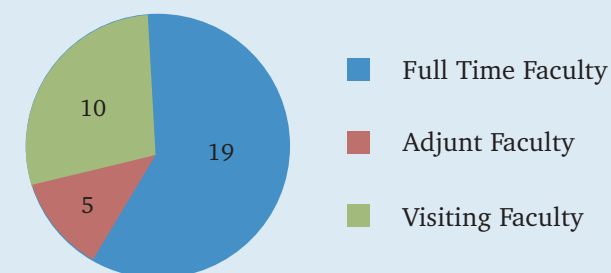

We follow the premise that it is more important to be a good human being and a respectful world citizen than it is to be an intellectual alone. And developing a high Emotional Quotient is critical to enhance positive thinking. This aspect has highlighted the importance of Soft Skills, Time Management, Values, Culture and Ethics.

### 3. The Bedrock of Knowledge

Although we acknowledge that we live in a Knowledge Economy, it needs the backing of positivity and stamina for it to result in productivity.

You deserve the best chance you can get to improve your career prospects and secure the career you desire. You deserve to get ahead.

### Portfolio

### Qualification - Full Time

### Academic Experience - Full Time

## INDUSTRY INTERNSHIP PROGRAM (IIP)

According to the Indian Corporate sector, most of the Engineers and MBAs being produced in this country are not "business-ready" and are not ready to deliver results immediately. At least 6 months of intensive on-the-job training is required before they are capable of performing and delivering results.

Keeping this in mind, IFIM Business School has designed an unique 6-month IIP as an integral part of their PGDM curriculum. The entire academic inputs are delivered within 18 months and during the last 6 months, IFIM (with the support of organizations like yours) has designed an Industry-focused Internship for all the PGDM students. Thus students can get practical exposure to industry and when they join an organization for a full time assignment, they are "business-ready" and can start delivering from Day - 1.

All the students will be assigned a faculty mentor, who will guide the students and ensure that the Internship project is of a high standard. The companies to whom they are assigned will also have to assign a mentor, who will guide the student on a day-to-day basis and will be a single point contact for the IFIM faculty mentor. The objective is to make the student complete a project which will be beneficial to the organization too. The period of the IIP will be from mid-January till end-June 2012. The students will be able to take up a full time assignment only after 1st July 2012, after they have completed their internship to the satisfaction of the Institute and not earlier.

The concept of the IIP has been appreciated by both students as well as by Industry. Last year, around 60% of the students who did an internship with various companies were absorbed by these companies.

## INDUSTRY TESTIMONIALS ON THE IIP

"We had offered internships to 8 students under the IIP for a period of 6 months. We were pleased to see the orientation and quality of these students on both the work and personality fronts. On completion of the internship, we onboarded 6 of these students. From the positive attitude displayed by them and their continued performance, I am sure that they will prove to be a valuable asset to our organisation".

Sajal Jaiswal, HR  
EmPower Research Knowledge Services Pvt. Ltd.

"IFIM B-School provides well-groomed and well trained candidates as interns. They are well positioned for a quick start in our organization. We place these candidates in our key projects with assured good results. The Institute is very professionally managed with its experienced faculty and it transforms students to deliver results. The students are disciplined with the right attitude. We are happy being associated with IFIM Business School".

Varadaraj M, Manager Projects  
The Nielsen Company

"We have regularly had interns and also had fresh recruits from IFIM. They start off immediately as business analysts because they have been trained enough to be employable from day 1 and this helps us tremendously".

Anupama Pillai, Head-HR  
NSE.IT Ltd.

## GETTING BUSINESS-READY

Industry-focused  
internship for 6 months

Centre for Personality Development -  
Holistic wellness & soft skills

Focus on "Learning,  
Knowing & Doing"

Excellent  
academic inputs

## PLACEMENTS 2011

Participants in the batch	209
Participants in the batch opting out of placements	5
Total number of offers made	221
Entrepreneurship	4
Number of participating companies	62
Number of first time recruiters	14
Total number of pre-placement offers	72
Average salary (₹)	4.6 Lacs

Close to 60% of the batch had bagged pre-placement offers at the end of their IIP program with companies like Biocon, Religare Technova, Schneider, Viteos, NSE-IT, Mafoi Ranstad, IMRB, Empower Research, Arvind Brands, Embitel, Dalal Street Investment Journal and Matrix among others.

Some of the prominent names recruiting this year include Deloitte Consulting, UCO Bank, ICICI Bank, Citi Bank, ICICI Securities, Greenply, TCS, Bank of Baroda, Vijaya Bank, IOB, IBM, Amba Research, Religare, Infiniti Research, Sharp, Apple, Info Edge, IDBI Bank, L&T, Developmental Bank of Singapore and Mercer Consulting.

The Institute believes that a diversified participant profile ensured by its unique admission process provides rich talent for companies to recruit. In the 2009 - 2011 batch 42% bagged offers in the areas of research/consulting and 35% in the financial sector.

IFIM is a huge talent pool of young managers inculcated with sharp analytical and problem-solving abilities, impeccable attitude, and a well-developed capability to manage and lead change. As we move into the current phase of consolidation and growth, IFIM is surely going to find itself amongst the preferred destinations for recruiters.

## RECRUITERSPEAK

**MR. NITIN BAREKERE - GM, HR, SPAR - MAX HYPERMARKETS INDIA PVT. LTD.**  
 "With the focus at IFIM on all-round learning through Industry-Institute interface and academic partnerships with institutions of international repute, it is quite akin to the corporate culture we have at Max Hypermarkets. The teaching quality, emphasis on experiential learning and all round grooming to face corporate challenges is quite commendable."

**MS. USHA ANANTHASUBRAMANIAN - ZONAL MANAGER, BANK OF BARODA**  
 "It has been a great pleasure being associated with IFIM. We had the opportunity to visit the campus and interact with the Faculty and students. The Institute has world-class infrastructure, highly qualified and professional Faculty and excellent students. The curriculum of the program has been well designed, which equips the students with business and cross functional knowledge so that they emerge as successful leaders in the corporate world. We are sure that the Institute will continue its efforts in imparting quality management education and develop world-class students to take up corporate leadership positions across the globe."

**MS. ANUPAMA P. - HEAD HR - NATIONAL STOCK EXCHANGE - IT**  
 "We have regularly had interns and also had recruits from IFIM. They start off immediately as business analysts because they have been trained enough to be employable from day one and this helps us tremendously".

## WHAT THE ALUMNI HAVE TO SAY

Mr. GUNIT SINGH - VP & BUSINESS HEAD WEST - HDFC ASSET MANAGEMENT COMPANY LTD., IFIM ALUMNI, BATCH 1995 - 1997

"For me personally, the biggest gain was exposure to the industry on various interesting field projects. This helped build my confidence and was truly a stepping stone into corporate life. I was placed through campus. Most of my batch mates too were placed through campus and are doing exceeding well in their respective fields. Today, looking at IFIM's beautiful new campus, I'm almost tempted to get back to studies."

Mr. SIMANT ARUN - MANAGER, TOYOTA KIRLOSKAR., IFIM ALUMNI, BATCH 1997 - 1999

"The program has helped me to understand the complex economic and political scenario underlying the rapidly changing international business environment today. Many times you need an environment to introspect and reflect on your own strengths and capabilities so that you align yourself to your interests, build on your abilities and internalize forward looking concepts. PGDM provides this environment with a well structured program, pedagogy, diverse culture and team of batch mates bringing rich experience from varied fields."

Mr. GAUTAM MAKKAR - NATIONAL SALES HEAD - TATA DOCOMO, IFIM ALUMNI, BATCH 1996 - 1998

"At IFIM, the faculty provides fantastic academic support, personal attention and care. Using a unique mix of e-learning, case discussions, group interactions and brainstorming sessions, they opened my mind to how business strategies evolve in an organization and how interdisciplinary theories find practical applications. Here, students enjoy course flexibility and with the tests, quizzes, research assignments, term papers, case discussions and seminars, ensure they evolve into first-class managers."

MR. PRAVEEN SAHAI - DIRECTOR OF SALES-INDIA & SAARC IOMEGA-EMC2, IFIM ALUMNI, BATCH 1996-1998

"The 2 years at IFIM proved to be the grooming ground for me. The good mix of academia, case studies and on-the-job training did wonders for my skills and trained me to be the professional I am today".

MR. SAPTAK GANGOPADHYAY - VICE PRESIDENT-RESEARCH & PLANNING, MCX, IFIM ALUMNI, BATCH 1998-2000

"I would term my time at IFIM as an experience in diversity. The curriculum is excellent. In addition, the exposure to current international trends made me industry-ready and gave me a global perspective. At IFIM they combine theory with practical management and attitude development through Soft Skill Programmes. The best part is that the course evolves to stay in sync with the industry".

# IFIM PLACEMENT PROCESS AND ELIGIBILITY

Companies are invited to the campus and to select students either for the IIP or for Final Placement or both, at a mutually convenient day/time. Once students get an offer for an Internship from an organization, they cannot try for the same with other organizations, either through the Placement Cell or on their own. If however, they receive an offer for Final Placement, they can continue to be part of the placement process to obtain another offer. Once they get a second offer, a decision must be taken by the student and formally communicated to the Placement Cell, which will then inform the companies accordingly.

## PROCESS:

- Introduction
- Pre-Placement Talk
- Expression of Interest Form (to be filled up by the student, after the PPT)
- Written Test (if any), Group Discussion, Personal Interview
- Final Offer

## ELIGIBILITY:

It is mandatory for all students to fulfill all the academic requirements as per the norms prescribed by the Institute, to be eligible to appear for Final placements / Internships (IIP).

## RULES AND REGULATIONS:

Students are allowed to sit for any number of Interviews, until they receive the first offer for IIP and / or two (2) offers for Final Placement. Students will be considered as awarded Internship(IIP), once they receive their first valid offer for Internship. They are not eligible to participate thereafter. Students receiving their offer letters for Internship & Final Placement need to undergo their Internship (IIP) in the same company for 6 months, failing which, they are not eligible to receive their Diploma

Pre-placement talks are held at the Institute when the participating company makes a presentation about its operations and job profiles being offered. This is followed by the selection process as per the company practice - Written Test/On Line Test, Group Discussions and Personal Interviews.

The Placements Cell coordinates the entire process on campus and provides all the facilities required by the companies for the pre-placement and recruitment procedure. IFIM ensures a friendly placement process and ensures that candidates are provided with jobs of their choice in their dream organizations, as far as possible. It gives the students an opportunity to select a career in their chosen area of interest and the recruiters a chance to pick the right kind of profile for their requirements.

The placement process for the Internships (IIP) and Final Placements commences from December 2011.
